ACE SCORE

The CDC's Adverse Childhood Experiences Study (SCE Study) uncovered a stunning link between childhood trauma and the chronic diseases people develop as adults, as well as social and emotional problems. This includes heart disease, lung cancer, diabetes, and many autoimmune diseases, as well as depression, violence, being a victim of violence, and suicide.

SCORE 1 FOR YES AND 0 FOR NO		
1	Before your 18th birthday, did a parent or other adult in the household often or very often swear at you, insult you, put you down, or humiliate you? Or act in a way that made you afraid that you might be physically hurt?	
2	Before your 18th birthday, did a parent or other adult in the household often or very often push, grab, slap, or throw something at you? Or ever hit you so hard that you had marks or were injured?	
3	Before your 18th birthday, did an adult or person at least five years older than you ever touch or fondle you, or have you touched their body in a sexual way? Or attempt or actually have oral, anal, or vaginal intercourse with you?	
4	Before your 18th birthday, did you often or very often feel that no one in your family loved you or thought you were important or special? Or your family did not look out for each other, feel close to each other, or support each other?	
5	Before your 18th birthday, did you often or very often feel that you did not have enough to eat, had to wear dirty clothes, and had no one to protect you? Or your parents were too drunk or high to take care of you or take you to the doctor if you needed it?	
6	Before your 18th birthday, was a biological parent ever lost to you through divorce, abandonment, or other reasons?	
7	Before your 18th birthday, was your mother or stepmother: often or very often pushed, grabbed, slapped, or had something thrown at her? Or sometimes, often, or very often kicked, bitten, hit with a fist, or hit with something hard? Or, ever repeatedly hit over at least a few minutes or threatened with a gun or knife?	
8	Before your 18th birthday, did you live with anyone who was a problem drinker or alcoholic or who used street drugs?	
9	Before your 18th birthday, was a household member depressed or mentally ill? Or, did a household member attempt suicide?	
10	Before your 18th birthday, did a household member go to prison?	
TOTAL SCORE		

As your ACE score increases so does the risk of disease and social and emotional problems. With an ACE score of 4 or more, things start getting serious. The likelihood of chronic pulmonary lung disease increases 390%; hepatitis 240%; depression 460%; attempted suicide 1220%/ Talk to your provider about this score. You cannot change the past, but you can change and prevent further problems in the future.

Client's Rights Statement

I. The following is a listing of your rights as a client:

YOUR RIGHT TO QUALITY OF CARE

1. The right to individual mental health and/or substance abuse treatment by qualified professionals.
2. The right to have a say in making your goals for treatment.
3. The right to ask and know about different methods of treatment.
4. The right to services without being treated unfairly on the basis of race, color, nationality, age, sex, religion, handicap, or political affiliation.
5. The right to understand and review the information in your treatment record, unless this may cause harm.

YOUR RIGHT TO CONFIDENTIALITY

The Staff will not talk to anyone, other than staff members involved in your treatment, about you being a client. Information cannot be given without your written permission unless:

1. Child abuse is suspected.
2. There is a medical emergency and the information would help with your care.
3. A court orders the information.
4. There is a threat to your life or safety or you are a danger to the life or safety of others.
5. Agencies that conduct reviews may see your client information. They must respect the confidentiality of individual clients.
6. There is a crime or a threat of a crime in the premises or involving program personnel.
7. Information is needed for insurance reasons. We only need to share that you have received treatment and that treatment is reimbursed.

YOUR RIGHT TO FILE A GRIEVANCE

1. Each office has a suggestion box for your complaints, ideas or to recognize someone who served you well.
2. You have the right to file a grievance. Please discuss your concern with any staff member and ask for a Client Grievance Handout.
3. If you are aware of or have reason to believe that a staff member has acted in a manner that is unprofessional or illegal, please ask for the person's supervisor and report the information right away.

II. The following rights and protections are for clients receiving Medicaid Prepaid Mental Health Services

1. The right to receive information about your treatment provider.
2. The right to be treated with respect and dignity.
3. The right to get information on available and different treatment options in a way that you can understand them.
4. The right to be involved in decisions about your mental health care, including the right to say no to treatment.
5. The right to be free from any form of restraint or seclusion used as a means of bullying, punishment, convenience of the staff, or someone getting back at you.
6. When allowed by Federal Law, the right to request and receive a copy of your medical records, and to request that they be changed or fixed. You may be charged for the copies.
7. The right to be given health care services that meet access and quality standards.
8. Your treatment providers will not be stopped by Central Utah Counseling Center from giving you advice or supporting on your behalf the following information.
 - a. Your health status, medical care, or treatment options, including any alternative treatment that may be self-administered.
 - b. Any information you need in order to choose among possible treatment options.
 - c. The risks, benefits, and consequences of treatment or non-treatment.
 - d. Your right to participate in decisions regarding your health care, including the right to refuse treatment, and to have a say in future treatment decisions.

III. Responsibilities

1. To respect the privacy of other clients.
2. To arrive on time for your appointments.
3. To provide the information we need so we can bill appropriately.
4. To forward all insurance or other third-party payments to us. To pay Co-Payments on time.
5. To inform us of changes in your financial situation, with your address or telephone number.
6. To discuss openly with your therapist any problems about your care.
7. To be involved in your treatment planning process.

I have read and understand the above rights and responsibilities. I authorize Central Utah Counseling Center to provide treatment.

Notice of Privacy Practices

Central Utah Counseling Center is committed to protecting your medical information.

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU MAY ACCESS THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Effective April 14, 2003. Central Utah Counseling Center is required by law to maintain the privacy of your medical information, provide this notice to you, and abide by the terms of this notice.

HOW WE USE YOUR HEALTH INFORMATION

When you receive care from Central Utah Counseling Center, we may use your health information for treating you billing for services, and conducting our normal business known as health care operations. Examples of how we use your information include

Treatment: We keep records of the care and services provided to you. Health care providers use these records to deliver quality care to meet your needs. For example, your therapist may share your health information with another practitioner who will assist in your treatment. Some health records, including confidential communications with other mental health professionals or substance abuse treatment records, may have additional restrictions for use and disclosure under state and federal laws.

Payment: We keep billing records that include payment information and documentation of the services provided to you. Your information may be used to obtain payment from you, your insurance company, or other third-party payers. We may also contact your insurance company to verify coverage for your care or to notify them of upcoming services that may need prior notice or approval. For example, we may disclose information about the services provided to you to claim and obtain payment from your insurance company. If you pay the full cash price for services, you may request a restriction of information to your insurance company.

Health Care Operations: We use health information to improve the quality of care, train staff, and students, provide customer service, manage costs, conduct required business duties, and make plans to better serve our communities. For example, we may use your health information to evaluate the quality of treatment and services provided by our therapists, psychiatrists, psychologists, case managers, and other health care workers.

OTHER SERVICES THAT WE PROVIDE

We may also use your health information to recommend treatment alternatives, tell you about health services and products that may benefit you, share information with family and friends involved in your care (authorized by you through a written release), share information with third parties who assist us with treatment, payment, and health care operation, and remind you of an appointment (optional, notify the therapist or secretary if you do not wish to be reminded). Also, CUCC utilizes electronic prescribing. One of the features of electronic prescribing systems is that it allows us to view medications that have been electronically prescribed to you by other physicians. This improves patient safety by helping us avoid prescribing medications that might interfere with what you are already taking. By signing the acknowledgment form that you received this form, you authorize us to view your medication history.

YOUR INDIVIDUAL RIGHTS

You have the right to

- Request restrictions on how we use and share your health information. We will consider all requests for restrictions carefully but are not required to agree to any restriction.
- Request that we use a specific telephone number or address to communicate with you.
- Inspect and copy your health information, including billing records. There is a charge of \$.25 per page copied. Under limited circumstances, we may deny you access to a portion of your health information and you may request a review of that denial.*
- Request corrections or additions to your health information.*
- Request an accounting of certain disclosures of your health information made by us. The accounting does not include disclosures made for treatment, payment, and health care operations and some disclosures required by law. Your request must state the period of time desired for the accounting, which must be within the six years prior to your request and excludes dates prior to April 14, 2003. The first accounting is free, but a fee will apply if more than one request is made in a 12-month period.*

Requests marked with a star (*) must be made in writing. Contact the Central Utah Counseling Center Privacy Officer for the appropriate form for your request.

SHARING YOUR HEALTH INFORMATION
